

Juliet Campbell MP

Delivering for Broxtowe

Annual Report 2026

Welcome to my 2026 update on what I've been up to as your MP

Since I was elected in July 2024, my office and I have closed 14,673 cases for constituents.

Every week we close hundreds of cases, helping residents in Broxtowe with issues from housing, benefits, tax, pensions, road safety, education, the NHS and the local councils.

I'm proud of what we've achieved so far and I remain dedicated to representing every one of you.

If you need help or advice, please get in touch. I am always here to help.

Tackling illegal e-bikes

Illegal e-bikes are a growing concern for many residents across Broxtowe's towns, causing real fear about road safety and associated anti-social behaviour.

As well as working with Nottinghamshire Police to raise hotspots and enforce the law on riding illegal e-bikes on public streets, I am pushing the Government to ban the sale of illegal e-bikes and the kits used to create them.

Delivering better transport

Reliable, safe and comfortable public transport is essential for our communities.

That's why I am campaigning for improved connectivity between towns in Broxtowe.

I am calling for the reinstatement of the number 21 service. The loss of this service has cut off parts of Stapleford and Trowell from a direct link to QMC and Nottingham. This has made daily life harder for many residents.

I am also campaigning for a better bus service for Beeston Rylands, with many residents affected by the infrequency and unreliability of services currently serving their area.

I will continue to work alongside bus operators and our East Midlands Mayor to see essential bus services in Broxtowe improved and protected.

Delivering flood defences

Many parts of Broxtowe were badly damaged by Storm Babet in 2023

When I became Broxtowe's MP I saw that our communities felt unheard and afraid with the worst flood defences on record.

I have been working to get the flood defences we need including £60,000 to complete the Eastwood Flood Alleviation Project.

Ensuring residents feel safe in their homes is a top priority for me, and I will continue calling for more investment in flood resilience for Eastwood, Stapleford and Trowell.

Delivering health services

New Mental Health Emergency Department at Queens Medical Centre

I have been pushing for better access to mental health support for our community, and I am really pleased that a new Mental Health Emergency Department is coming to Queens Medical Centre.

This new mental health emergency department will provide fast, same-day specialist support for adults experiencing crisis who are medically fit and do not need treatment in A&E.

Eastwood Health Hub

Health outcomes in Eastwood are much poorer than the rest of Broxtowe and years of underinvestment has left Eastwood without suitable primary health facilities.

I am campaigning hard for Eastwood to be chosen for a new Neighbourhood Health Hub. I have been lobbying Government Ministers and the local Integrated Care Board to make the case for a new facility in Eastwood.

NHS Dentistry

I have been working with the local Integrated Care Board to push hard for more NHS dentist appointments to be made available in Broxtowe.

I have also been supporting local dentists in Broxtowe to access NHS contracts.

Everyone in Broxtowe should have access to an NHS dentist, and I will keep fighting until they do.

Your voice in Westminster

Delivering change

I have campaigned on neurodiversity in education for many years. I was motivated to get involved in politics after my son was diagnosed with dyslexia.

As Chair of the All-Party Parliamentary Group for Dyslexia I am campaigning for a National Dyslexia Strategy.

Around one in ten people in the UK are dyslexic, but dyslexic people continue to face avoidable barriers in education, professional careers, and are overrepresented in prison and mental health services.

That's why I am calling for reform to our teacher training curriculum and an education system that is fully inclusive for neurodiverse pupils.

Standing up for our Armed Forces

In Parliament, I have championed our Armed Forces through Bill Committees, putting the Armed Forces Covenant in law. These changes will improve access to vital services for service personnel, families and veterans, while delivering a new Defence Housing Service and better support for victims across the Armed Forces.
